

RESEARCHERS WITH AN INTEREST IN LA SALLE COUNTY, ILLNOIS

The LSCGG has had the unique privilege of being the repository of the original copies of estate files adjudicated by the La Salle County Court. These files include probate, conservatorships, and guardianships for the 1830's to the current era.

The La Salle County Court made the decision in the late 1960's, when new officials were elected to office, to separate particular pages of all estate files into hard-bound book format. The archives of the LSCGG have possession of those hardbound books. The information in the books covers the years 1969-1976. The probate database posted to lscgg.org does NOT list all of the names of the individuals whose estate files are relocated to the hardbound book format. Those "missing" names can be found in the following pages.

If your ancestral family had their estate adjudicated in the years from 1969-1976, you can use the ctrl-f keyboard combo to search the pages that follow; the surnames are in alphabetical order. If you locate a family name of interest, you can email the LSCGG (lscgg@sbcglobal.net) to ask a volunteer to locate the document of interest. Simply provide the name of interest, the book #, and (if available) the document type. POH = Proof of Heirship; GRD = Guardianship; CON = Conservatorship.
